

2006 SPECS

John Deere

The J Series dozers feature a smooth, full-featured hydrostatic drivetrain; integral power management system; Deere's Auto-Trac system, which keeps the machine tracking straight; and the DuraTrax undercarriage for long life and a smooth ride. Optional Extended Life SC-2 bushings are available on the 450J to 850J models to further lower undercarriage operating costs. Improved

operator's station ergonomics and visibility help to significantly boost productivity.

John Deere

Model	Net HP	Operating Weight (lbs.)	Drivetrain Type	Blade Capacity Range (cu. yds.)	Blade Width
450J LGP	74	17,525	Hydrostatic	2.15	10' 4"
550J LGP	84	18,252	Hydrostatic	2.21	10' 8"
650J LGP	99	19,750	Hydrostatic	2.52	10' 8"
700J LGP	115	27,900	Hydrostatic	3.75	11'
750J LGP	155	36,725	Hydrostatic	4.98	13'
850J LGP	200	45,075	Hydrostatic	5.87	14'
950C LGP	230	55,800	Hydrostatic	8.20	14' 9"
950J LGP	247	59,255	Hydrostatic	7.9	14' 10"
